

Endo Reaches Agreement in Principle to Settle Louisiana Governmental Opioid Cases and Claims

September 28, 2021

DUBLIN, Sept. 28, 2021 /PRNewswire/ -- Endo International plc (NASDAQ: ENDP) ("Endo") today announced that it has reached an agreement in principle with the Louisiana Attorney General's office to settle all opioid-related cases and claims of the state and other Louisiana governmental persons and entities in exchange for a total payment of \$7.5 million. The settlement, including the payment, will be subject to 100% participation by Louisiana's political subdivisions (to be provided to Endo by October 28, 2021) and the execution of definitive documentation. The settlement will include no admission of wrongdoing, fault or liability of any kind by Endo and its value should not be extrapolated to any other opioid-related cases or claims.

"We are very pleased to have reached an agreement in principle to settle all of Louisiana's governmental opioid cases and claims following outreach by counsel for the Louisiana Attorney General's office," said Matthew J. Maletta, Executive Vice President and Chief Legal Officer of Endo. "The Attorney General's constructive approach provided the opportunity for accelerated negotiation and resolution, and once the required political subdivision participation threshold is achieved, funds will be promptly delivered to Louisiana to help address the state's opioid abuse crisis."

As Endo has previously disclosed, the Company is focused on its primary goal of achieving a global settlement of all remaining opioid claims. At the same time, Endo is exploring other strategic alternatives and will pursue settlements that it believes are in the best interests of the Company. Endo cannot speculate on the likelihood, nature or timing of any outcome.

Cautionary Note Regarding Forward-Looking Statements

Certain information in this press release may be considered "forward-looking statements," within the meaning of the Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation including, but not limited to, the statements by Mr. Maletta and any statements relating to the status or outcome of litigation or settlement discussions. All forward-looking statements in this press release reflect Endo's current expectations of future events based on information available to Endo as of the date of this press release. If underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results could vary materially from Endo's expectations and projections, including with respect to the impact of the Louisiana case, including the settlement, or any other litigation, investigation or settlement proceeding on our financial statements, including our cash flows from operations; our ability to adjust to changing market conditions; our ability to attract and retain key personnel; our ability to maintain compliance with our financial obligations under certain of our outstanding debt obligations, causing a downgrade of our debt and long-term corporate ratings (which could increase our cost of capital) and exposing us to potential events of default (if not cured or waived) under financial and operating covenants contained in our or our subsidiaries' outstanding indebtedness; our ability to incur additional borrowings under the covenants in our then-existing facilities or to obtain additional debt or equity financing for working capital, capital expenditures, business development, debt service requirements, acquisitions or general corporate or other purposes, or to refinance our indebtedness; and/or a significant reduction in our short-term and long-term revenues and/or otherwise cause us to be unable to fund our operations and liquidity needs, such as future capital expenditures and payment of our indebtedness. The occurrence or possibility of any such result may cause us to pursue one or more significant corporate transactions or remedial measures, including on a preventative or proactive basis. Actions that may be evaluated or pursued could include reorganization or restructuring activities of all or a portion of our business, asset sales or other divestitures, cost-saving initiatives or other corporate realignments, seeking strategic partnerships and exiting certain product or geographic markets. Some of these measures could take significant time to implement and others may require judicial or other third party approval. Any such actions may be complex, could entail significant costs and charges or could otherwise negatively impact shareholder value, and there can be no assurance that we will be able to accomplish any of these alternatives on terms acceptable to us, or at all, or that they will result in their intended benefits. Other risks and uncertainties include general industry and market conditions; technological advances and patents attained by competitors; challenges inherent in the research and development and regulatory processes, including regulatory decisions, product recalls, withdrawals and other unusual items; challenges related to product marketing, such as the

unpredictability of market acceptance for new products and/or the acceptance of new indications for such products; inconsistency of treatment results among patients; potential difficulties in manufacturing; general economic conditions; and governmental laws and regulations affecting domestic and foreign operations. Endo expressly disclaims any intent or obligation to update these forward-looking statements except as required by law. Additional information concerning these and other risk factors can be found in Endo's periodic reports filed with the U.S. Securities and Exchange Commission and in Canada on the System for Electronic Data Analysis and Retrieval, including current reports on Form 8-K, quarterly reports on Form 10-Q and annual reports on Form 10-K.
